

POLICY & RESOURCES COMMITTEE AGENDA ITEM 14: REOPENING THE TOWN HALL

1. Item for consideration

The lifting of Covid19 lockdown restrictions in line with the current Government roadmap, will allow the Town Hall to re-open for the running of public events. The table at Appendix A, describes the timing of event categories that are allowable at each of the roadmap steps.

3. Proposal

- A. That the event timings described in this report are accepted as an accurate interpretation of Government guidelines, and that they may be used by Town Hall staff to manage future event bookings.

4. Financial Implications

Re-opening the Town Hall for activities and events will provide income for MTC. There is no financial downside.
