

Report No:

Report to Full Council 18th June 2019

1. Purpose of the report

To re-instate the position of Town Crier for our Town.
So, creating a facility for verbal information on all events happening in town.
I would propose this to happen on a Saturday morning.
This would be very good for advertising our own events as well as others.
Not only this but it is a great tourist attraction.
I would ask to be guided by the council on the frequency of this happening.

2. Background

Town Criers have been part of Malmesbury over the years, but sadly a few years ago it stopped.

Town Criers are always very popular with residents and tourist and it is a great way of finding out what is happening locally.

3. Proposal

To advertise the voluntary position of Town Crier for our community.

To formalize a job description to go with the advertisement.

For interviews to be conducted accordingly.

4. Risks / Financial Cost.

Financial cost would be maybe altering the costume if required and to consider if any insurance costs.

Cllr Julie Exton
